---

PROJECTS

Techbook
Site: https://thetechbook.herokuapp.com/| **GitHub:** https://github.com/allen138/Techbook
React | React Router | Lodash | Axios | Express | Node.js | Sequelize | MySQL | Passport.js | Cloudinary
- Incorporated Cloudinary for uploading project images as well as updating user's avatar
- Constructed a comments field that neatly displays user's avatar, name, date/time, and comment
- Integrated Lodash for pagination to provide clean and organized rendering of all projects

In The Kitchen
Site: https://thekitchenrecipes.herokuapp.com/ **| GitHub**: https://github.com/allen138/InTheKitchen
Handlebars | Bootstrap | CSS | Node,js | Express | MySQL | Sequelize | JS | Multer | Passport.js
- Implemented file uploading with npm Multer for simple photo integration
- Built RESTful API with multiple HTTP requests to get, post, put, and delete routes
- Engineered login authenticity with Google and Facebook via Passport.js

Newbee App
Site: https://allen138.github.io/Newbee/ **| GitHub**: https://github.com/allen138/Newbee
Bootstrap | CSS | AJAX | Moment.js | Firebase | JS | Webpack
- Designed the UI with a clean look and user-friendly functionality
- Dynamically incorporated ticket links using api callback
- Utilized Firebase to store event data for user's My Events page.

EXPERIENCE

Parts Specialist - Allied Auto Stores - Fremont, CA   Sep 2016 - February 2019
- Interact with Dealerships throughout the Bay Area to increase revenue by 8% and understand modern business processes
- Accurately track and manage orders between multiple manufactures to limit lost sales and provide exceptional service
- Recognized by management for applying critical thinking and problem-solving skills by finding solutions for daily situations

---

EDUCATION

UNIVERSITY OF CALIFORNIA, BERKELEY - Berkeley, CA - **FULL-STACK WEB DEVELOPMENT BOOTCAMP**
- An intensive 24-week long boot camp dedicated to designing and building web applications. Skills learned consisted of HTML5, CSS3, JavaScript, jQuery, Bootstrap, Firebase, Node.js, MySQL, MongoDB, Express, Handlebars JS, and React JS.

EVERGREEN VALLEY COLLEGE - San Jose, CA - **AUTOMOTIVE TECHNOLOGY**
- Utilized critical thinking and problem solving to diagnose and repair breakdowns.
